A memorandum on mutual collaboration among the three organizations of the Japan Evangelical Association (JEA), the Asia Theological Association Japan (ATA/J), and the Japan Lausanne Committee (JLC) will be signed on June 7, 2021, in the evening of the first day of the JEA Annual Meeting scheduled to be held at the Tsumagoi Resort Sai no Sato in Kakegawa City, Shizuoka Prefecture. The three organizations have been serving the evangelical community in the spheres of churches, theological education, and missions, while partnering with evangelicals in Asia and the world. All parties are ready to sign a memorandum to specify for the first time, areas of collaboration including information exchange, personnel networking and fellowship. The signing of the memorandum is anticipated both within Japan and overseas, to boost mutual understanding and trust among the three organizations, leading to deeper collaborative partnership in working on common issues.

The idea of the memorandum was initially proposed for 2020 in celebration of the 50th anniversary of the Asia Theological Association (ATA), of which Japan is one of the three permanent member countries. The memorandum was going to confirm the mutual collaboration between ATA/J and JEA. Due to the spread of the COVID-19 pandemic, however, the 2020 Annual Meeting of JEA was held on a reduced scale. The signing of the memorandum, which was going to take place during the Annual Meeting of JEA, was therefore postponed. Meanwhile, the postponement providentially allowed JLC to join as a party to make the memorandum tripartite. During the upcoming signing ceremony, videos will be shown to give an overview of each party. Dr. Theresa Lua, General Secretary of ATA, will deliver a commemorative address, and Dr. Andreas Himawan, Chairperson of ATA, and Dr. Paul Cornelius, General Secretary of ATA-India, will give congratulatory speeches.

The memorandum sets forth as its objectives that, in order to fulfill their respective callings in the arenas of church, theological education and global mission, the three parties are committed to promoting collaborative partnership through mutual respect, deepening of fellowship, facilitation of information exchange and learning from each other. Specifically, in order to achieve these objectives, the parties shall partner and collaborate in (1) mutual understanding and information exchange among denominations, churches, and organizations, and in matters of theological education and global mission; (2) mutual learning and working on common issues among the JEA, ATA/J, and JLC; (3) involvement in and fellowship with World Evangelical Alliance (WEA), Asia Evangelical Alliance (AEA), International Council for Evangelical Theological Education (ICETE), ATA, the global Lausanne Movement and Asia Lausanne Committee (JLC), among others; and (4) any other matters necessary to achieve the objectives above.

The memorandum will be signed on June 7 by Toshinori Ishida, Chairperson of the Board of JEA, Atsuko Tateishi, Secretary of JLC, and Masanori Kurasawa, Chairperson of the Board of ATA/J. In commemoration of the signing, three pieces of artwork by Misako Oba, an artist who is a Christian, have been purchased. The three paintings are going to be rotated among the parties so each party will hold and appreciate one at a time as a symbol of collaboration.

This kind of memorandum on tripartite collaboration is a pioneering one in the world. As such, notes of blessings have been received from WEA, AEA, ICETE, ATA, the global Lausanne Movement and Asia Lausanne Committee (ALC). Plans for an Asia-wide consultation have been developed since 2019 as a collaborative effort of AEA, ATA, and ALC. At a time like this, the signing of the memorandum in Japan will show a model of unity sharing the goal with the Asian and global churches.
